Donna Klein Joins BioReliance Corporation As Vice President, Human Resources

Rockville, MD, May 7, 2008 -- BioReliance Corporation announced today that Donna Klein has been named Vice President, Human Resources, responsible for the human resource functions for all the company's locations including the United States, United Kingdom and Asia. She reports to David A. Dodd, President, CEO and Chairman, BioReliance Corporation, and will serve on the company's Operating Committee.

BioReliance Corporation is a leading contract services company that provides biologics safety testing, toxicology, viral manufacturing and laboratory animal diagnostic services to the pharmaceutical and biopharmaceutical industries worldwide.

Most recently, Ms. Klein was Vice President, Human Resources, for QuadraMed in Reston, Virginia, a healthcare information technology company. Prior to that she was Vice President, Human Resources and Administration for Compucare in Reston, Virginia, where she was responsible for multiple sites in the U.S.

"Donna has a long and successful track record encompassing human resources, as well as client support and customer relations, focused in the healthcare field," said Mr. Dodd. "She has a comprehensive background that includes developing business, managing accounts and servicing clients. This combination of skills and experience makes Donna a perfect fit for our needs. We are delighted to have her join our team."

“BioReliance is a welcome challenge for me. I have worked in the human resources and customer service arena throughout my career, and I am looking forward to joining such a highly dynamic organization at the time it is entering a high growth phase,” said Ms. Klein.

About BioReliance

BioReliance Corporation is a leading specialist provider of cost-effective contract services to the pharmaceutical and biopharmaceutical industries, offering more than 1,000 tests or services related to biologics safety testing, in vitro and in vivo toxicology, viral manufacturing, GMP manufacturing, pre-clinical testing and lab animal health diagnostics. Founded in 1947 as Microbiological Associates, BioReliance is headquartered in Rockville, Maryland, and has primary facilities in Rockville, Glasgow, Scotland, Stirling, Scotland, and Edinburgh, Scotland, employing more than 700 people globally.
